provider to submit an accurate cost report, completed in accordance with all applicable
instructions and rules, to ensure fair and equitable determination of reasonable payment rates.

There are no cost report materials included with this letter. All required documents can be found
and downloaded from the Texas Health and Human Services (HHSC) Rate Analysis Department
(RAD) website at the web address indicated in the Rate Analysis Website section below.

COST REPORT DUE DATE
The 2016 cost report must be fully verified and submitted through STAIRS (see below) no later
than April 30, 2017.

All supporting documents, including signed and notarized certification pages, must be uploaded
into STAIRS. No documentation will be accepted through the mail or via email. Appendix A
of the Specific Instructions for the Completion of the Cost Report explains how to access
directions for uploading your documents, including a process for converting documents to an
electronic format that can be used by a provider who does not have access to a scanner.

THE STATE OF TEXAS AUTOMATED INFORMATION REPORTING SYSTEM
(STAIRS)
Providers must submit their 2016 Cost Reports through the web-based State of Texas Automated
Information Reporting System (STAIRS).

Providers who submitted their 2015 Cost Report via STAIRS will use the same logon
information to access their 2016 Cost Report.

New providers without prior STAIRS access, will be sent an email containing STAIRS login
information including their username and password. The email will be sent to the Primary Entity
Contact designated by HHSC RAD based on contact information previously submitted. A new
provider who has not received an e-mail with their login information by February 6, 2017,
should contact CostInformation@hhsc.state.tx.us.

The Primary Entity Contact is responsible for assigning Financial and Preparer contacts in
STAIRS. Assigning these contacts is necessary prior to beginning the cost report. Primary
Entity Contacts are strongly encouraged to access the system as soon as possible and make these
assignments to ensure there is adequate time available to become familiar with using the system.

Contracts for each legal entity will be grouped in STAIRS depending on factors such as
ownership, rate enhancement participation level (if applicable), and cost reporting period. The
groups assigned by HHSC RAD may include contracts from more than one program. This
grouping information is detailed in STAIRS.
PREPARER REQUIREMENTS FOR THE 2015 COST REPORT

In accordance with Title 1 of the Texas Administrative Code §355.102(d), it is the responsibility of each provider to ensure that each cost report preparer who signs the Cost Report Methodology Certification completes the required HHSC-sponsored cost report training.

Preparers must complete a cost report training webinar for each program for which a cost report is submitted. Cost report training is mandatory every other year for the odd-year cost report in order for the preparer to be qualified to complete both that odd-year cost report and the following even-year cost report. Preparers who completed cost report training for the 2015 cost report will not be required to complete additional cost report training to prepare a 2016 cost report.

Information regarding the mandatory cost report training, training webinar schedule, and training registration can be found on the HHSC RAD Website (see section below) for each program. Once you have selected your program, look for the section on Training Information.

A training information letter was distributed via Information Letter No. 17-01 through an electronic communication from DADS on January 2, 2017. This letter has also been posted on the HHSC RAD Website in the Training information section of each program.
